Happy Easter

počet bodov

Easter is celebrated each spring. With Easter comes the start of spring, after long winter. On this holiday, we remember the Resurrection of Jesus Christ. Many people go to church on Easter Sunday. Children dye Easter eggs and have Easter egg hunts (a game children play at Easter where they try to find hidden eggs). The night before Easter Sunday, children set out their Easter baskets. They hope the Easter bunny will fill them with jellybeans, candy and toys. Slovak girls and women paint eggs and give them to boys and men on Easter Monday. Slovak boys and men make plaited willow rods and on Easter Monday, they gently hit the girls and women for good luck and beauty. They also pour water on girls and women. The egg is a symbol of new life in this new season. The easter eggs are the most popular decorations. Nowadays chocolate eggs are very popular. The first chocolate eggs were made in France and Germany.
